Edilians Phalempin Blends & Mixes

Distinctive pre-mixed blends and stunning mixes

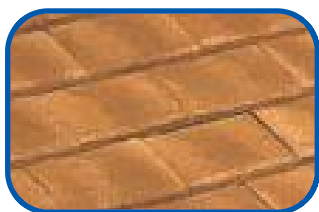

The 17x27 Plain Tiles is a traditional clay plain roof tile produced at Phalempin in the north of France. The mellow, textured surface combines the beautiful appearance of mature handmade tiles with affordable prices.

Stunning results can be achieved by mixing different colours of Phamempin. Choose one of our distinctive pre-mixed blends, or create your own.

It is important that tiles are taken from at least three different pallets and mixed when roofing, so why not formulate your own mix using different colours.

Colours

Our stunning blends are produced by combining Phalempin's distinctive colours. Millennium and Vintage are supplied pre-mixed.

Amber (007)

Weathered (110)

Rustic Red (006)

Volcano (122)

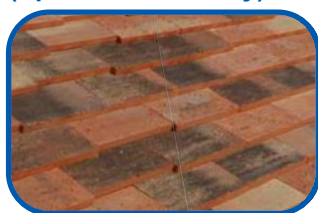

Val de Seine (104)

Natural Red
(Special Order Only)

Vintage (145)
(pre-mixed blend)

Millennium (132)
(pre-mixed blend)

To overcome any minor shade variation inherent in the firing of natural materials we recommend that you mix the products on site. The colours shown here are colour reproductions and are shown as a guide. Product samples are available on request.

Edilians Millennium Pre-Blend

A heritage appearance for new build or refurbishment

The Millennium Blend has been developed with a passion and concern for the environment that surrounds us, with over 200 years of experience and expertise make the Millennium a natural choice.

A UNIQUE, VARIABLE SURFACE FINISH

Thanks to a special manufacturing process, the Phalempin site produces each Millennium tile in a unique fashion with its own texture and relief. The Millennium blend offers a vibrant blend of colours that will mellow and mature with time.

MIX OF DIFFERENT SIZES

Irregularity of sizes which is indispensable for the renovation of historic buildings with three different lengths varying by +/-5mm in order to recreate roofs as they used to be.

NATURAL AND DURABLE

Clay roof tiles are natural and durable which will enhance the aesthetic appearance of a roof for generations, leaving an inherent legacy for us to appreciate and enjoy.

EASY INSTALLATION

A variety of colours and sizes on the same pallet ensures ease of installation.

Edilians Vintage Pre-Blend

Offering the character and charm of reclaimed tiles

With a mellow, textured surface combining the beautiful appearance of mature handmade tiles at no extra premium, the old reclaim appeal of the Vintage Blend creates and maintains a lasting beauty.

NATURAL COLOUR TONES

With computer controlled high temperature technology Edilians roof tiles comply and exceed the requirements of BS EN 1304 and ISO 9001 quality assurance standards.

PRE-MIXED BLEND

Our Vintage Blend is supplied pre-mixed to ensure quick and easy installation (NBS fixing specifications are available on request).

30 YEAR GUARANTEE

Like all Edilians Phalempin tiles, the Vintage Blend is supported by our comprehensive market leading insurance backed 30 year durability guarantee*.
